

FRIENDS OF CARROLL COUNTY ARE MAKING A DIFFERENCE

WON'T YOU JOIN US

The Carroll County Community Foundation is and has been making a difference in our community since 1997.

Through the Foundation, many scholarships are given to students and thousands of dollars are given to worthy community projects each year. It was through the Foundation that we were able to launch the Carroll County at the Crossroads effort that led to the establishment of the county Chamber of Commerce, Leadership Carroll County, Focus on the Future, and other county-wide improvement efforts. There is so much more to be done and that is the reason that we created the "Friends of Carroll County" as a way to help provide operational funds for the Foundation.

Your check for \$250 makes you a member of the "Friends of Carroll County" and supports the work of the Community Foundation. Send your check to:
